

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

LISTING OF CLAIMS:

1. (Currently Amended) An electric grill including:
a body member supporting a grill plate for cooking food;
a container adapted to contain a smoking element; and
a first heating member adapted to heat up the smoking element in said container for producing smoke for smoking the food cooked by said grill plate;
wherein said container is releasably engageable with said first heating member.
2. (Canceled)
3. (Currently Amended) An electric grill according to Claim 2 1 including a perforated cover for releasably covering said container.
4. (Original) An electric grill according to Claim 1 further including a cover releasably engageable with said grill plate to define a cavity.
5. (Currently Amended) An electric grill according to Claim 4 further including a at least one fan member adapted to draw air from said cavity between said grill plate and said cover into an interior of said body member.

6. (Original) An electric grill according to Claim 5 wherein said grill plate includes at least one aperture allowing entry of air from said cavity between said grill plate and said cover into said interior of said body member.

7. (Original) An electric grill according to Claim 5 further including a filter through which said air drawn from said cavity between said grill plate and said cover passes.

8. (Original) An electric grill according to Claim 7 further including at least one aperture allowing said air, after passing through said filter, to pass back to the cavity between said grill plate and said cover.

9. (Original) An electric grill according to Claim 1 including a second heating member for heating up said grill plate.

10. (Currently Amended) An electric grill ~~according to Claim 1~~ including:
a body member having an inner liner member and supporting a grill plate for
cooking food;
a container adapted to contain a smoking element; and
a first heating member adapted to heat the smoking element in said container
for producing smoke for smoking the food cooked by said grill plate;

wherein said grill plate, said container, ~~an~~ said inner liner member and said body member are releasably engageable with each other.

11. (Currently Amended) An electric grill ~~according to Claim 1~~ including:
a body member supporting a grill plate for cooking food;
a container adapted to contain a smoking element; and
a first heating member adapted to heat the smoking element in said container
for producing smoke for smoking the food cooked by said grill plate;
wherein said first heating member is a light source.

12. (Original) An electric grill according to Claim 11 wherein said light source is a halogen lamp.
